TITLE I SCHOOL DESIGNATION PARENT NOTIFICATION

10/17/2016

Dear Parent(s)/Guardian(s):

The Elementary and Secondary Education Act (ESEA) of 1965 requires that parents or guardians who have children attending a Title I school be notified of how well their school is preparing its students for college and/or a career, as well as the school's designation status under Georgia's ESEA Flexibility Waiver.

Under the 2015 renewal of Georgia's ESEA Flexibility Waiver, certain Title I schools continue to be designated as Reward, Priority, or Focus Schools. The Waiver allows the use of the College and Career Ready Performance Index (CCRPI) as the comprehensive report card for all schools in Georgia, providing a score between 0-100 for each school—measuring how well the school is doing in preparing its students to be successful in college and/or a career.

Fair Oaks Elementary School currently has a CCRPI score of 60.8. Detailed information about our score can be located on the state department website, www.gadoe.org

I am very proud to tell you that Fair Oaks Elementary School has not been given a school designation this year, which means we are a Title I school that is continuing to provide a quality education to all of our students.

Scores from the Georgia Milestone test taken last spring will be released soon. At Fair Oaks Elementary School, we continue to move forward toward academic excellence for all of our students through the implementation of the workshop model in language art and mathematics. The use of workshop model allows our teachers to differentiate instruction to meet the needs of all learners.

At Fair Oaks Elementary School, we take pride in the teaching we provide for our children. Our teachers and staff members work very hard to meet the needs of all students to ensure they achieve at their highest potential.

An important part of Fair Oaks Elementary School success is parent participation and support in developing activities to improve student achievement. We hope that you will become involved in our school improvement work as we continue to monitor student achievement and set high expectations. If you are interested in participating in the development of our school improvement plans, being a part of our family engagement team or have questions about how you can better help your child in school, please contact Dr. Cindy Szwec, Principal, at 678-594-8080 or cindy.szwec@cobbk12.org.

Thank you for all that you do to support your child's education.

Sincerely,

Cindy Szwec
Principal
